

Driving Innovation through Technology

Manufacturer's Representative, Distributors and Suppliers of Sensors, Instrumentation Equipment and Control Systems for Automation and Material Handling.

Not all products are covered in all territories

Manufacturers Represented

ARCK SENSOR - www.arck-sensor.com

Pinhole Detection System for metal strip and foil, Surface Defect Inspection System for metal strip and foil, Weld Hole Detector, Sway Measurement Sensor, and Coil Detection System for Overhead Cranes, Radar Collision Avoidance System

GAUSSMAGNETI

MAGNETIC EQUIPMENT FOR MATERIAL HANDLING AND RECYCLING TECHNOLOGY

Gauss Magneti - www.gaussmagneti.it

Lifting Magnets: Circular, Rectangular, Bi-Polar, Plate Handling, Billet Handling, Coil Handling, Hot Work, Scrap Handling, Electro-Permanent, Permanent, and Battery Operated.

Magnetic Separation Equipment: Belt Separators, Plate Separators, Magnetic Drums, Magnetic Pulleys, Eddy Current Separators, Magnetic Rollers, and Magnetic Filters

Kübler Group - www.kubler.com

Incremental, single turn and multiturn absolute encoders, hollow shaft encoders, bearingless encoders, motor feedback systems, linear measuring systems, inclinometers. Slip rings for transmission of electrical currents, signals, data, fieldbus, and Ethernet as well as liquids and gases.

LOKE KEMPF GmbH & Co. - www.loke.de

Non-Contact Laser Measurement Systems for the Metals and Material Handling Industry, Infrared Cameras, Tube and Pipe Internal Profile Measurement System.

Moduloc Control Systems - www.moduloc-usa.com

Hot Metal Detectors, Looper Scanners, Cold Metal Detectors, Laser Distance Sensors, Barrier Lasers, Molten Metal Level Sensors, Laser Strip Thickness Gauges, Strip Width Gauges, Mill Duty Photo Switches, Weld Hole Detector, Long Range Inductive Proximity Sensors, Industrial Metal Detectors.

Palmer Wahl Instruments, Inc. - www.palmerwahl.com

Digi-Stem[®] RTD & Thermocouple Process Thermometers, Heat Spy[®] Fixed Infrared Sensors, RTD & Thermocouple Sensor Assemblies, Heat Spy[®] Handheld Infrared Pyrometers & Thermometers, Temp-Plate[®] Temperature Sensitive Labels, Circular Temperature Chart Recorders, Digi-Stem[®] Advanced Digital Process Pressure Gauge, Circular Pressure & Differential Pressure Chart Recorders.

Proton Products, Inc. - www.protonproducts.com

Leading manufacturer of instrumentation and control equipment for use in industrial production. Non Contact Laser Doppler Speed and Length Measurement Gauges for metal strip, plate, foil, rail, tube & bar. Non Contact Laser and CCD Diameter Measurement Gauges for tube & bar. Industrial 4.0 ready.

SIBRE Siegerland Brakes USA - www.sibreusa.com

Manufacturer of High Quality Service Brakes, Disc Brakes, Caliper Brakes, Drum Brakes, Drum Brakes per AISE 11 Standard, Thruster Brakes, Storm Brakes, Shoe Brakes, Safety Brakes, Hydraulic Brakes, Brake Drums, Drum Couplings, Couplings, Crane Wheels, Sheaves and Crane Buffers.

Weintek Labs, Inc. - www.weintek.com

HMI intelligent displays for industrial & commercial applications, from 4.3" to 15.6" screen size plus headless; communication with over 400 standard protocols, Weincloud cloud service, Dashboard monitoring, cMT, CODESYS, Easy Builder and Easy Access Software. Remote digital and analog I/O, temperature and motion control modules, Modbus TCP/IP, CANopen and Ethernet/IP Protocols.

Wenglor Sensoric LLC - www.wenglor.com

Manufacturer of Smart Laser Sensors and Image Processing Systems. 2D/3D Laser Sensors, 2D/3D Laser Profile Sensor, Laser Distance Sensors, Photoelectronic Sensors, Inductive Sensors, Smart IP Cameras, Ultrasonic Sensors, and Fluid Sensors.

Rotalec USA, Inc. - Main Office
Minneapolis, MN 55344
Phone: 952-238-8453
E: cs-usa@rotalec.com

A Rotalec Group Company

Rotalec USA, Inc. - Pittsburgh Office
Rick Ochendowski - Technical Sales Rep.
Mobile Phone: 412-912-6968
E: rick.ochendowski@rotalec.com

Driving Innovation through Technology

Manufacturer's Representative, Distributors and Suppliers of Sensors, Instrumentation Equipment and Control Systems for Automation and Material Handling.

Not all products are covered in all territories

Manufacturers Represented

[Paltz Palletizer - www.berobox.com](http://www.berobox.com)

The simplest, most easy to use palletizing solution on the market. No programming, No calibration. Automatic pallet pattern generator. 5 simple steps to get started! AMR ready.

[Contrinex - www.contrinex.com](http://www.contrinex.com)

Inductive Sensors: long range, miniature, washdown, high temperature, maritime, extreme environment, weld-immune, analog, and Smart Inductive Sensors with IO-Link. Photoelectric Sensors: cylindrical, transparent object, distance, Smart Photoelectric with IO-Link. RFID Sensors & Tags, extreme, high temperature washdown and IO-Link. Machine Safety Light Curtains.

[Doosan Robotics - www.doosanrobotics.com](http://www.doosanrobotics.com)

Collaborative robots from Doosan Robotics can be applied to various production processes, from simple to precision tasks, and provide optimized solutions for assembly, machine tending, packaging & palletizing, pick 'n place, welding, and a variety of other applications.

[Fortress Safety - www.fortress-safety.com](http://www.fortress-safety.com)

Tailored safety solutions from the specialists in automation safety and interlocking. Trapped Key Interlock Safety Systems. Customized safety equipment, protecting people working in hazardous workplaces. Safety interlocks to control access into potentially hazardous areas, ensuring the area is safe before the employee can enter and keeping the employee safe while a task such as essential maintenance is being carried out. Fluid Power Safety and Network Enabled Interlocks.

[Mencom Corporation - www.mencom.com](http://www.mencom.com)

Industrial Circular Connectors, ILME rectangular connectors, Industrial Networking, Junction Blocks, Panel Interface Connectors, Solenoid Valve Connectors, Cable Assemblies, Cable Glands.

[OnRobot - www.onrobot.com](http://www.onrobot.com)

Cutting edge gripping and sensing solutions for Collaborative Robots. Finger Grippers, Vacuum Grippers, Magnetic Grippers, Gecko Gripper, Quick Tool Changer, Sander, Screwdriver, Vision, Force/Torque Sensor, D:PLOY software for Palletizing/Packaging/Transferring/Machine Tending/Assembly.

[Paletti USA - www.palettiusa.com](http://www.palettiusa.com)

Specializing in aluminum extrusion building solutions for easy reconfiguration and machine efficiency. T-Slot extrusion framing profiles for laser enclosures, conveyors, linear actuators, fencing & guarding.

[RFID, Inc. - www.rfidinc.com](http://www.rfidinc.com)

Engineering firm specializing in RFID, and the manufacturer of RFID Readers and Tags and Hardware, various RFID tags including Key Fobs, ISO Cards, Animal Tags, Pallet Tags, Container Tags.

[Smart Vision Lights - www.smartvisionlights.com](http://www.smartvisionlights.com)

Smart Vision Lights is the leading designer and manufacturer of LED lighting solutions for any type of machine vision or automation camera application. Linear lights, washdown lights, UV & IR lights.

[Translas Welding Technology - www.translas.com/na](http://www.translas.com/na)

Source capture welding fume extraction solutions for MIG, TIG, Cobot & Robotic Welding. Reduces exposure to hazardous fumes and provides a healthier and safer work environment. Engineered with a passion for innovation, quality, functionality and new technologies. Designed by welders, for welders.

[Rotalec USA, Inc. - www.rotalec.com](http://www.rotalec.com)

Manufacturer, System Integrator, and Supplier of Systems for Automation and Safety, Collision Avoidance Systems using laser or radar technology, Strip Width Gauges for Hot or Cold applications, Custom Control Systems, and Custom HMI Systems.
